ON-GOING ACTIVITIES

1. KIQ/KEP

a. The revised KEP performance instructions with RMO 1
a covering letter signed by the Director is being disseminated
to the Community. The pilot program performance period is
over 30 August. Performance reports are due in September.
Action Officers: MPRRD/ [REDACTED] 25X1

b. A memo on the FY 1975 KIQ/KEP program signed RMO 1
by the Director is being disseminated to the Community.
Action Officers: MPRRD/ [REDACTED] 25X1

c. Data is continuing to be inserted into the KIQ RMO 1
data base in preparation for producing a KIQ Performance
Status Reference manual and KIQ aggregate statistics by
15 October. Programming of the routines to perform the
above functions is moving ahead based on the latest set of
KIQ instructions. Action Officer: MPRRD/ [REDACTED] 25X1

2. Resource Trends

a. A study is being undertaken to project the man- RMO 3f
year requirements to produce the most likely mix of
intelligence products in 1980 - 81, what those man years
will cost and what size NFIP this would require. Action
Officers: MPRRD/ [REDACTED] 25X1

b. Simple regression statistical runs are being made RMO 3f
in order to project GDIP, INR, and CIA production costs
out to 1981. The results of the statistical runs are being
plotted for display purposes. Action Officer: MPRRD/

c. An analysis of the capabilities of the Gould plotter in the CIA Computer Center is being made. This system may possibly provide MPRRD with a turn-around plotting capability in 2 - 3 hours instead of the 12 - 24 hour plotting turnaround capability that now is available. We are also attempting to link the Gould software package to the CROSSTABS statistical software. Action Officer: MPRRD/[Redacted]

25X1

d. A reevaluation of the IC-IHC OJCS resource requirements for FY 75 has been made at the request of OJCS. It seems the total body of users of OJCS resources for FY 75 have projected their requirements so that they use up 100 percent of the resources of OJCS and then some.
